

CLEAN MARINA CLASSROOM LIVE

DECEMBER 5, 2019 | RBEC/LANSING, MICHIGAN

CLEAN MARINA CLASSROOM COMES TO YOU

On December 5, 2019, the Michigan Clean Marina Program will offer a condensed in-person workshop at MBIA's Recreational Boating Educational Conference in Lansing. Michigan Sea Grant staff and Clean Marina certification specialists will cover the important lessons from the online classroom tied to the mandatory and recommended best practices to become a Clean Marina. The workshop is open to marinas that are interested, newly pledged, or up for recertification in 2020.

Clean Marina Classroom Live participants will:

- Get a head start on the path toward certification.
- Work one-on-one with Clean Marina certification specialists.
- Engage in interactive presentations that highlight the classroom's most important lessons and recommendations.
- Get tips from certified Clean Marinas.
- Learn about the program's new and improved certification process and streamlined steps.

This is your opportunity to learn important best practices, achieve classroom certification, and plan your Clean Marina site visit — all in one place, at one time!

RBEC/LANSING

The Michigan Clean Marina Program is a cooperative effort of the Michigan Boating Industries Association, the Michigan Department of Natural Resources, and Michigan Sea Grant. Financial assistance for this program is provided, in part, by the Michigan Clean Marina Foundation, a 501 (c) (3) organization, and Michigan Coastal Zone Management Program, Office of the Great Lakes. In addition, the program is supported by the Great Lakes Restoration Initiative through the National Oceanic and Atmospheric Administration.
